## PUBLIC COMMENT PROCEDURES

1. Public Comment Sessions provide an opportunity for the public to hear the details of a specific matter. They may submit oral or written comments at the hearing to be incorporated into the formal hearing record.
2. All comments are limited to the subject matter of the hearing: Delmarva Power's electric rate Application or Delmarva Power's electric service.
3. No answers will be provided during the Public Comment Sessions.
4. The Hearing Examiner's Report will be provided to the Delaware Public Service Commission's Commissioners after the evidentiary hearing currently scheduled for December, 2023.
5. Written comments may be filed by email sent to [psc@delaware.gov](mailto:psc@delaware.gov) ATTN: Docket No. 22-0897 or may be filed at a Public Comment Session. If a written comment is submitted, there is no need to submit an oral comment. Written comments are available for public view.
6. There is no time limit on oral comment but please try to be concise.
7. You may use a designated spokesperson. If you are a member of a Homeowners Association, please check whether your Association has designated a spokesperson for oral comment. If it has, you may still submit a written comment about your own personal circumstances.
8. Commenters will be recognized by the Hearing Examiner at the Public Comment Session. Only the recognized Commenter may speak because the court reporter needs to accurately transcribe your words.
9. There is no video feed of commenters.
10. If you are commenting, please identify that you are a Delmarva Power electric customer, your name, and the general area you reside in. If you do not feel comfortable providing your name, then state you are a Delmarva Power electric customer and provide the general area you reside in.
11. If you cannot travel, please review the Public Comment Session Notice. You may phone in your Comment in New Castle and Kent Counties. If you are in Sussex County, you may phone in your comment during one of the other two sessions.

Mark Lawrence  
Senior Hearing Examiner
